Energetic Materials Research and Testing Center  
A member of the National Domestic Preparedness Consortium (NDPC)**

## **WMD Standardized Awareness Authorized Trainer (SAAT) Program**

The goal of the new WMD Standardized Awareness Authorized Trainer Program is to create core cadre of instructors in states and urban areas who will provide training for the following emergency response disciplines:

- emergency management
- emergency medical service
- fire service
- government administrative
- hazardous materials
- health care
- law enforcement
- public communications
- public health
- public works

Trainers designated by States and urban areas will participate in a 12-hour National WMD Standardized Awareness Authorized Trainer (SAAT) Train-the-Trainer course (AWR 160-1, Train-the-Trainer) taught by members of the National Domestic Preparedness Consortium. Graduates of that program will then be certified to deliver the 6-hour National WMD Standardized Awareness course (AWR 160, Direct Delivery) to personnel within their State and local jurisdiction.
